Dear Dennis,

Happy Birthday!

Please excuse the card, I know it's 'udderly' silly but, somehow, I figured you would expect something like flying cows from me.

Since I haven't picked up any good vibrations or 'gift' brain waves from Bay View, I thought we should send a couple of bucks rather than some 'gift' you really didn't need - somehow, with a little effort, I know you'll think of some thing to do with the money. It's so damn cold brain waves would probably freeze anyway.

I just want you to know how proud I am of you. It has been a real pleasure to see you grow from a neat little kid into a fine young man... and the best is yet to come (I hope). Some of my fondest memories will always be of the work you and I did together in Oshkosh.

If you need us, ELLEN and I will always be in your corner.

Again, Best Wishes for a very happy Birthday!

HELEN
